## **Milwaukee® Announces Ratchet and Socket Sets Available in PACKOUT™ Organizers**

I'm excited to share that Milwaukee Tool will soon offer three ratchet and socket sets in PACKOUT™ Low-Profile Organizers; fully compatible with the PACKOUT™ Modular Storage System\* for easy storage.

The sockets feature the versatile FOUR FLAT™ Sides, which are anti-roll and wrench-ready. All sockets are engraved with sizing for lasting readability. The ratchet in all of Milwaukee's ratchet and socket sets is designed with a slim profile head and 90 teeth delivering 4° of arc swing for better access in tight spaces.

For users that already have Milwaukee® Ratchet and Socket Sets, individual trays will be available to convert them to a PACKOUT™ Organizer.

These sets and trays come with a lifetime guarantee\*\* and will be available June 2020 at select distributors.

*\*The PACKOUT™ Modular Storage System is the most versatile and durable modular storage system in the industry. An intuitive and quick attachment mechanism gives users the freedom to stack and lock PACKOUT™ tool boxes, organizers, totes, and bags of different sizes in numerous configurations that best suit their needs. For more information visit <https://www.milwaukeetool.com/Products/Storage-Solutions/PACKOUT>.*

*\*\*Milwaukee® Mechanics Hand Tools are covered by our Lifetime Guarantee. Visit <https://www.milwaukeetool.com/Support/Registration-and-Warranty> for more information.*
